

QUESTION:

What method do you prefer for villous right colonic tumour with high grade dysplasia: endoscopic resection or laparoscopic colectomy or open surgery?

ANSWER BY WILLEM BEMELMAN:

EMR by specialized gastroenterologist

QUESTION:

Although robotic surgery was considered to be expensive, do you think now is the best time to invest in robotic surgery?

ANSWER BY WILLEM BEMELMAN:

I think procedures should be done robotic if it outperforms laparoscopic surgery. Having TAMIS, for me that is not in colorectal, but for instance in robotic Whipple

QUESTION:

Is it useful to do a prelevamento for cover in the starting intervention in peritoneum and repeat at the end of the intervention?

ANSWER BY MATTEO FRASSON:

No evidence of presence of the virus in the peritoneum. Don't forget that it is mainly a respiratory virus. I don't suggest to examine peritoneum samples.

QUESTION:

In the covid period, do we do bowel prep or not??

ANSWER BY MATTEO FRASSON:

According to the team's normal protocol. So far no evidence allows us to change attitude.
