Section A. PERSONAL DATA

Name and Surname	Juan Alberto Sánchez Margallo		
DNI	28962244T		
Researcher's identification number	Researcher ID		
	Scopus Author ID	36679257500	
	ORCID	0000-0002-0100-2695	

* Obligatorio

A.1. Current professional situation

Institution	FUNDACION CENTRO DE CIRUGIA DE MINIMA INVASION		
Dpt. / Centre	Unidad de Bioingeniería y Tecnologías Sanitarias / Bioengineering and Health Technologies Unit / Centro de Cirugía de Mínima Invasión Jesús Usón		
Address	Avda. Isabel de Moctezuma 25 1º C, 10005, Cáceres		
Phone		Email	
Professional category	Investigador Doctor / Research Scientist	Start date	2017
Keywords	Medicine; Information technology and data processing		

A.2. Academic education (Degrees, institutions, dates)

Bachelor/Master/PhD	University	Year
Doctor en Tecnologías informáticas / PhD in Computer Technologies	Universidad de Extremadura	2014
Ingeniero en Informática / Computer scientist	Universidad de Extremadura	2007

A.3. General quality indicators of scientific production

Fuente / Source: Web of Science - JCR

Sum of the times cited / Total de veces citado: 371

Average citations per item / Promedio de citas por elemento: 8.24

h-index: 11

Section B. SUMMARY OF THE CURRICULUM

Dr. Juan A. Sánchez Margallo obtained the degree in Computer Science from the University of Extremadura (Spain) in 2007. In 2008, he obtained a Researcher Staff Training Scholarship from the Extremadura Region Government (Spain). From 2008 to 2015, he was a researcher at the Bioengineering and Health Technology Unit of the Jesús Usón Minimally Invasive Surgery Centre (JUMISC) (Spain). In 2011, he was a predoctoral visiting researcher at the Computer Vision Group, Department of Computer Science, University of Bristol (UK) for six months. In 2013, he was awarded by the Spanish Society of Biomedical Engineering with a scholarship for young researchers. In 2014, he earned the PhD degree with European Mention from the University of Extremadura within the field of Bioengineering, obtaining the PhD Extraordinary Award. From 2015 to 2017, he did a postdoctoral specialization for two years at the Department of Medical Technology of SINTEF Technology and Society (Norway). From 2016 to 2017 he completed the online Data Science Specialization from the Johns Hopkins University, USA. In 2017, he was a postdoctoral visiting researcher for three months at the Department of Biomechanical Engineering, Technical University of Delft (The Netherlands). From 2017, he is scientific researcher at the Bioengineering and Health Technology Unit of the JUMISC. He currently has a contract associated with a grant from the Regional Government of Extremadura to attract research talent to R&D&I centres belonging to the System of Science, Technology and Innovation. He has participated in 30 R&D projects funded by European/International (13), national (11) and regional (7) competitive programs. He is the author of 23 papers in JCR-

indexed journals, 16 book chapters, 3 books, more than 190 papers presented at national and international conferences, 3 patents (one European), 3 utility models, and 1 Industrial Design.
