

Grant	EAES Fellowship programme
Contact details fellow	H. Jerraya from Tunisie
Host institution	University of Torino
Director	Professor Morino
Daily routines Surgical/clinical/research activities	<ul style="list-style-type: none"> - Participation in the daily surgical activity between three operating rooms - Attendance to the daily morning staff during which patients admitted to emergencies and patients already hospitalized are presented - Attendance to the wednesday weekly staffs during which the problematic cases are discussed - Participation in a research work on the oncological prognosis of low rectal cancers
Experience	<ul style="list-style-type: none"> - improvement of my expertise in laparoscopic colorectal surgery, bariatric surgery, and upper gastro intestinal surgery - watching the new lines of research in surgery : robot-assisted surgery by natural orifice (medrobotics), use of green indocyanine in surgery - Attendance to the meeting NEXT-New Technologies for the Colon & Rectum, May 27,2019 - Attendance to two lectures on “medical approach to obesity” and “bariatric surgery: fashion trend or necessity” as part of the Surgical Residency Teaching Program of the university of Torino
Tasks	<ul style="list-style-type: none"> - Presentation of lecture on “diagnosis & treatment of hydatid disease” as part of the Surgical Residency Teaching Program of the university of Torino - Conducting a review of the literature on the oncological prognosis of low rectal cancers compared with the rest of rectal cancers and participation in the writing of the manuscript
Involvement	<ul style="list-style-type: none"> - Active participation in the operating room - Active participation in research and teaching activities
Overall number & types of surgical procedures attended	103 surgical procedures: <ul style="list-style-type: none"> – 92 by laparoscopic approach – 5 by open approach – 6 Transanal Endoscopic Microsurgery (TEM)
Number of surgeries performed by the fellow	None
Number of surgeries attended as the first assistant	None
Number of surgeries attended as the second/third assistant	None
Number of surgeries attended as observer only (not scrubbed)	103
Specify approximately the number & types of procedures attended	35 laparoscopic colorectal surgery 30 bariatric surgery 20 Laparoscopic sleeve gastrectomy

	<p> 6 robotic-assisted laparoscopic gastric bypass 3 redo bariatric surgery 1 band removal 16 laparoscopic upper gastrointestinal surgery 5 laparoscopic subtotal gastrectomy 2 robotic-assisted laparoscopic esophageal surgery 4 Heller 5 laparoscopic antireflux surgery 6 Transanal Endoscopic Microsurgery 4 with flex robot (Medrobotics) 2 with TEO 1 laparoscopic left lobectomy 1 laparoscopic rectopexy 2 diagnostic laparoscopy 3 laparoscopic resection of intra-abdominal cysts 3 laparoscopic cholecystectomy 1 laparoscopy for small bowel obstruction 1 laparoscopic appendectomy 4 open approach for: rectal cancer recurrence, duodenal tumor, common bile duct cancer and entero-enteral fistula </p>
<p>Conclusion</p>	<ul style="list-style-type: none"> - Great experience in Torino that allowed me to see what is best made in laparoscopic surgery - I attended to 98 mini invasive surgical procedures - I has been involved in research and teaching activities
